Heart Panels

Hoop your stabilizer
I used 2.5oz cut away
run the placement stitches
remove hoop from machine
and lay down the top fabric.
Run the tack down stitches and
the placement stitches for the hearts
lay down the fabric for the hearts.
I used 2 different fabrics run the tack
down stitches and trim the excess
fabric from the hearts. Run the satin
stitches around the hearts.
Allow the rest of the center design
to finish. Once done lay your back
fabric down and run the tack down
stitches. Trim the front and back
fabric and run the satin stitches.
Do the same with the heart flap
panel

Center Panel

Hoop your stabilizer and run the
Placement stitches then lay down
both the front and back fabric.
Run the tack down stitches then
trim the excess fabric front and back
then run the satin stitches. Repeat this
for the square you need for the pocket.

FSL Earring hanger.

Hoop your stabilizer, I used badgemaster
Run the design and remove from stabilizer.

To Assemble

Stitch the heart panels to the thin panels as
shown I placed the heart on all laying in the
same way.
Next create your pocket sew the flap to the
seam line just above the square.
Next add a square lay it on top of your bottom
and stitch on 3 sides. Be careful not to sew closed
your top. Next stitch the fsl earring holders to the
center square layer one on top of the other
as shown. I hand stitched these so I did not have
a seam on the outside of my holder.
Now add velcro to keep closed and any bling
you want like beads or rhinestones.
