

Cut a 2" circle for the head out of fabric. Run a hand basting stitch around the edge of the circle. Place a small ball of stuffing in the center and draw the thread tight. Close off the head tie a knot and set the head aside for later.

Stitch the skirt pieces out and stitch together to form a bell shape. Attach the head either with a glue gun or stitch it on. Stitch out and attach wings on a back bell seam as shown.

Fold sleeve in half and hand stitch the bottom portion of the sleeve together.

Attach the top rounded part of the sleeve to the top of the bell.

Fold sleeves forward and attach at the hand area on each sleeve with a couple of whip stitches.

Hair is made of yarn. I preheated my oven to 250 then wrapped my yarn around a metal skewer and spray with water till just damp place the skewer on a cookie sheet then into the oven which I now turn off for about 30 minutes.

Once cool I took off the skewer and hot glued to the head of the angel from here you can pain the face with thin point sharpies.
